

**TITOKI NURSERY LTD** Est. 1983  
"Leading Guardian of Conservation" - (NZPCN)

## 2024 REVEGETATION PLANT CATALOGUE

Titoki Nursery is celebrating 40 years of supplying and specialising in revegetation work throughout Tasman, Nelson and beyond. We grow plants for conservation, river stabilisation/ erosion protection, farm shelter and land development. Other sites include Parks and Reserves, dunes and coastlines, water treatment plants and wetlands.

We're thrilled our new growing system has produced such terrific result both in the nursery and field over the last three seasons. Planters love the ease, and the root ball development which leads to quick establishment. "Elle's" are produced by our PlantPaper machine, which was the first of its kind in NZ, and the first used for native revegetation plants.

Making its own biodegradable pot out of "paper" made from corn sugars, this system was developed in Denmark and is used extensively worldwide for forestry, bedding plants, and food production. As well as being a brilliant growing system, they're quick to plant out, and massively reduce our plastic usage.

We offer advice, and can help with revegetation planning for your project, whether from bare land; for landowners who wish to restore important remaining forest remnants; or farmers who fence off erosion prone or unproductive farmland, & create shelter using native species.

Beyond revegetation, we also grow less common species that make up important parts of our local flora often suited to forest remnants and covenants. Plants can become threatened through isolation, habitat degradation, or browsing, and we work closely with Environmental Trusts, Councils, and the Department of Conservation.

Seed is collected throughout the top of the South, and beyond for specific projects. All of our seed sources are fully recorded. Species not listed in the current year's catalogue can be grown to order with one to two years notice required to source and propagate seed, and any wish lists are welcomed!

Titoki Nursery is situated in Waimea West near Brightwater.

Titoki Nursery is open by appointment by appointment  
8.30am – 4.30 pm Monday to Friday.

SPECIES	DESCRIPTION	GRADE	CONTAINER
<b>Alectryon excelsus</b> <i>titoki</i>	Attractive coastal/lowland forest tree to 8m. Glossy leaves with scarlet berries. Frost tender when young. Prefers rich/free draining soils.	30 - 40cm 50 - 60cm	SOLD OUT SOLD OUT
<b>Anemanthele lessoniana</b> <i>Gossamer grass</i>	Colourful flowing grass with fine pink feathery flower heads. Especially useful in shady dry situations.	40 - 50cm	T
<b>Apodasmia similis (syn. Leptocarpus)</b> <i>oioi</i>	Attractive grey-green rush often with orange or purple in parts. Suitable for estuarine situations or mass planting for landscape effect.	30 - 40cm	SOLD OUT
<b>Aristotelia serrata</b> <i>Wineberry / makomako</i>	Quick growing small tree with attractive leaves, flowers & fruits for sheltered, moist sites.	30 - 40cm 40 - 50cm	Elle T
<b>Arthropodium bifurcatum</b> <i>rengarenga / Rock lily</i>	Attractive coastal landscaping plant with large green-grey leaves, white flowers in spring. Will grow in dry or damp, sun or shade.	30cm 40cm	Elle T
<b>Arthropodium candidum</b> <i>Miniature rengarenga</i>	Broad green leaved form. Small white flowers spring - summer. Deciduous.	20cm	RX90 Ltd.
<b>Arthropodium cirratum</b> <i>rengarenga, Rock lily</i>	Locally occurring coastal species with narrow strappy green glaucous leaves & white flowers. Will grow in dry rocky situations, sun or shade.	30cm	Elle T
<b>Astelia chathamica</b> <i>Silver Spear</i>	Spectacular silver sword-like leaved landscaping plant with orange fruits. Grows up to 2m. Sun or shade.	20 - 30cm 30 - 40cm	SOLD OUT 2L \$8.00
<b>Astelia fragrans</b> <i>kakaha / Bush lily</i>	Good understorey plant or for lining a bush track/path. Stiff green strap like leaves, honey scented flowers, orange berries.	30 - 40cm	Elle
<b>Astelia grandis</b> <i>Swamp Astelia</i>	Olive-green flax-like leaves form large clumps to 2m in swamps. Locally rare in Moutere wetlands.	30 - 40cm	2L \$8.00
<b>Atriplex cinerea</b> <i>Grey salt bush</i>	Rare spreading coastal shrub with attractive dense silvery-grey foliage for estuary margins.	30cm	RX90
<b>Austroderia richardii</b> <i>toetoe</i>	Strap-like leaves and tall flower plumes. Grows in most sites and soils. Hardy.	30 - 40cm 40 - 50cm	Elle T
<b>Austrostipa stipoides</b> <i>Estuarine tussock</i>	Attractive fawn coloured tussock which grows on tidal estuaries and coastlines. Slow growing. 1m.	20 - 30cm	Elle
<b>Baumea articulata</b>	<i>Renamed, see Machaerina articulata</i>		RX90
<b>Beilschmiedia tawa</b> <i>tawa</i>	Beautiful graceful tree. Slow growing and requires sheltered situations. Pale green foliage and large purple fruits.		SOLD OUT
<b>Blechnum discolor</b> <i>piupiu / Crown fern</i>	<i>Renamed, see Lomaria discolor</i>		
<b>Blechnum novae-zelandiae</b> <i>kiokio</i>	<i>Renamed, see Parablechnum n.z</i>		
<b>Bolboschoenus caldwelii</b> <i>pūrua grass</i>	Green rhizomatous perennial of waterways & estuaries for water treatment or fresh water/saline intertidal sites.		SOLD OUT

Unless otherwise stated the following prices apply  
Orders <100 plants = \$4.35 each      Rootrainer (T)/Elle/RX90 = \$3.50

## Terms

Priority is given, and prices apply to plant orders of 20 per species minimum. We will endeavour to meet your requirements for lesser orders or if you're filling gaps from previous years, however we cannot break-up orders beyond multiples of four.

Potted stock or plants marked as being in 'limited supply' (ltd), minimum requirements do not apply.

### **We stock & find the following useful (prices exclude gst, & subject to change)**

**Bamboo stakes** (12-14mm x 750mm) - Thick grade. Guards require 2/plant.  
Bale of 200 / \$50.00  
50 cents each for part bundles.

### **Tree guards offer protection from animal pests & greatly aid release spraying.**

**CardGuard combo** - 300 - 350mm high cardboard guard with 2 x 750mm bamboo canes. \$1.80 each. Sold in multiples of 100 only.

**CardGuard** - 300 - 350mm high cardboard guard. 50/pack, \$1.40 each (\$70/pack).

**Coreflute guards** - 450mm high, re-usable plastic.  
\$1.50 each, packs of 50.

**Coir weed-mats** - Biodegradable weed suppression 250 x 250mm.  
70c each. 175 per carton.

**Fert tabs** - (5g controlled release) - for nutrient starved sites especially.  
\$150/Carton (1500 tabs).  
20 cents each/part carton.

**Wire baskets & Elle trays:** If we lend you our RT frames at planting time please ensure these are returned by the end of September and that you notify a staff member. Any unreturned frames will be charged \$20 per frame.

**ALL PLANTS MUST BE UPLIFTED BY 30 SEPTEMBER (unless by prior arrangement). Holding charges will apply beyond.**

Unless otherwise stated the following prices apply  
Orders <100 plants = \$4.35 each  
Rootrainer (T)/Elle/RX90 = \$3.50  
>500 plants 5% discount  
>1000 plants 10% discount  
All plant prices exclude GST
